City Pop of Japan during the 1980's DJ's AL Striker (Alexis Madayag) & Mista B (Marc Bayangos) wants you to attend a lecture and DJ performance presenting their own personal experience through showing anime and music culture. This panel is about the nostalgic and fascinating Japanese music genre of City Pop and the artists that inspired their interest in the genre. City Pop takes the musical influence from the West merging electric technology sounds, jazz, rock, lounge, funk, and pop music. When listening to City Pop, you'll no doubt hear some familiar instruments that heavily defined the '80s in America and Europe. In a decade of what has been deemed "the Japanese Economic miracle," City Pop is a symbol of the reviving and thriving Japanese economy that gave rise to the soundtrack of Japan's freshly revitalized nightlife and culture.
